Summary

A Motivated Frontend Developer pursuing a B. Tech in Computer Science at Chhatrapati Shivaji Maharaj University. I am Skilled in React.js, JavaScript, and responsive web design. Experienced in building real-world projects such as To-Do, Weather, Movie Search, and Currency Converter apps. Passionate about clean, efficient code and continuous learning. Actively seeking an internship or entry-level role to enhance technical skills and contribute to impactful projects.

Key Skills

Frontend: HTML, CSS, JavaScript (ES6+), React.js, Tailwind CSS, GSAP

Version Control: Git, GitHub

Web Concepts: Responsive Web, REST API Integration, Component-Based Development

Soft Skills: Problem-Solving, Team Collaboration, Continuous Learning

Other: Artificial Intelligence Tools (AI-assisted development)

Projects

Expense Tracker
Developed an expense tracking web app using React.js. Implemented features to add, filter, and delete transactions with a responsive and clean UI for real-time balance updates.

To-Do App
Developed a responsive to-do list application using React.js and Tailwind. Features include task creation, editing, and deletion with state management using React hooks.

Weather App
Built a real-time weather forecasting app using the OpenWeather API and React.js. Implemented dynamic UI updates based on live API data.

Currency Converter
Created a currency conversion web app using React.js and ExchangeRate API. Implemented real-time conversion and clean UI transitions.

Education

B. Tech in Computer Science Engineering
Chhatrapati Shivaji Maharaj University, Navi Mumbai
Currently in 5th Semester

12th (CBSE Board) – 2023 | 70%
10th (CBSE Board) – 2021 | 72%

Objective

To work in a professional environment where I can apply my front-end development skills, learn under experienced mentors, and contribute to meaningful web projects while becoming financially independent.
