---

### Key Skills

**Frontend:** Next.js (App Router), React.js, Tailwind CSS, Redux Toolkit, Framer Motion, JavaScript (ES6+), Responsive UI Design.

**Backend & DB:** Next.js API Routes, MySQL, RESTful APIs, JWT Authentication, Middleware, API Integration, Server-Side Rendering (SSR).

**E-Commerce & Full Stack:** Authentication Systems, Admin Dashboard Development, Order Management Systems, Cart & Wishlist Functionality, Role-Based Access Control, CRUD Operations.

**Web Concepts:** Full-Stack Architecture, State Management, Protected Routes, Responsive Design, Component-Based Architecture.

**Tools & Cloud:** GitHub, Git, VS Code, Postman, Figma, Vercel, Railway.

**Modern Dev:** AI-Assisted Development (UI Optimization), Performance Optimization.

**Soft Skills:** Problem Solving, Team Collaboration, Continuous Learning.

---

### Projects

#### [Lotus Cakes – Full Stack Cake Shop Platform](#)

Developed a modern **Full-Stack E-commerce Application** using **Next.js**, **React.js**, **Tailwind CSS**, and **MySQL** with a fully responsive UI.

Implemented secure **User/Admin Authentication** using **JWT**, **Protected Routes**, and **Role-Based Access Control**.

Built a complete **Admin Dashboard** featuring **Sales Analytics**, **Customer Management**, **Order Management**, and **Revenue Tracking**.

Developed advanced **Product Management** with **CRUD Operations**, **Category Filtering**, **Featured Products**, and stock handling.

Engineered an **End-to-End Order Tracking System** with **Cart**, **Wishlist**, and **Checkout Flow** for seamless user experience.

Integrated **REST APIs**, **Next.js API Routes**, and **MySQL Database** for secure backend communication and real-time updates.

Deployed the production-ready application on **Vercel** with optimized architecture and environment variable management.

#### [Taskify: Full-Stack Productivity Engine](#)

Built a robust **Full-Stack Application** using **Next.js**, **MySQL**, and **Next.js API Routes** for secure data communication.

Implemented secure **JWT Authentication** with isolated multi-user task management and protected data access.

Developed complete **CRUD Operations** with date-wise task organization, smart filtering, and real-time **Daily Performance Scoring** logic.

Designed a responsive and high-performance UI using **Tailwind CSS** and **Framer Motion** for smooth user interactions.

Integrated **REST APIs**, optimized state handling, and scalable architecture for efficient workflow management.

Deployed the production-ready application on **Vercel** with **Railway MySQL Integration** and environment variable management.

---

**Elite E-commerce Platform**

Developed a modern **Elite E-commerce platform** using **React.js**, **Tailwind CSS**, and **Redux Toolkit** for efficient **state management**.  
Implemented features like **Authentication (Login/Register/Logout)**, **Protected Routes**, and dynamic **state handling for Cart and Wishlist**.  
Integrated **React Router** for seamless **multi-page navigation** and designed a **responsive UI** with premium **product pages**, **cart management**, and **wishlist functionality** to enhance **user experience and performance**.
